September 2000

AMA Chartered Club 1245

Volume XXIV Number 9

## President's Message

Well – Shannon is off to the Grand Canyon on a rafting trip so I'll fill in this month.

**Challenge Cup** - First order of business is the annual Challenge Cup. On Sunday Sept. 10 the Pikes Peak Soaring Society (PPSS) will again travel to Denver to battle for the Challenge Cup and all bragging rights. Come on out and support your team. The format is man on man with random assignments just like our usual club contests. The top 5 flyer scores from each team will be used to calculate a team score with the high total claiming the Cup. This is generally a big turnout event and we expect no different this year. Mike O'Hearn was unable to run the event this year, so Shannon and I will be in charge. We could use some non-flying member help. Generally we make the flyers shag themselves, but sometimes we have more flyers than shaggers available and could use some volunteers. We could also use some help scoring and running the flight line – no experience necessary. If you come – we can use you...

**Sept. RES Contest** – Due to work commitments Rick Housden is unable to CD the RES contest this month. We need a volunteer to run the contest. This is not a sanctioned contest so the CD does not have to be an official AMA CD. This is a good opportunity for an aspiring CD to give it a try. If no CD is found – this event will be cancelled.

**The NATS** – As I said in the August newsletter Marc and I went to the NATS this year and had a blast. I have already recounted the events up thru HL. I did fail to mention that Skip and Shannon CLOBBERED the competition in Cross Country with 63 miles and the next closest competitor at only 18 miles. In F3B Lenny was 4<sup>th</sup> and Mark Howard was 7<sup>th</sup>. Darryl Perkins won the event. In F3J three RMSA members made it to the flyoffs and in the end Skip was in 3<sup>rd</sup>, Lenny in 8<sup>th</sup> and 3-Launch Bingham in 10<sup>th</sup>. Great showing. In HL Skip came in 9<sup>th</sup> with Lenny at 25<sup>th</sup>, Shannon at 39<sup>th</sup>, Marc Monaco at 42<sup>nd</sup>, and I was way back at 47<sup>th</sup> and with many unfortunate problems Mark Howard was at 49. Shannon would have placed MUCH better, but he went too far downwind a couple of times and failed to get back in bounds. Unfortunately he was killing the competition on those flights as he got away and the rest of the field didn't. There were 55 HL flyers.

I took a break during 2m and volunteered as a line helper. Lenny and Shannon flew 2m with Lenny coming in at 15<sup>th</sup> and Shannon at 33<sup>rd</sup>. There were 59 flyers in 2m.

## Next Meeting:

Date/Time: September 5, 2000 - 7:00PM

Location: Heli Port Hobbies

1400 W 70 Ave

Denver CO 80221-7023

See map in March 2000 Newsletter

# Rocky Mountain Soaring Association

Tuesday and Wed. nites we did HandLaunch Golf. This was a blast. Basically you launch from the tee and try to make it to the cup on the green in the fewest number of launches. I brought a beater Monarch for this event, not wanting to risk the good one to the tree gods. The bad news is that we decided to be the first ones off the first tee – so with everyone watching Marc gave me a GREAT launch that broke the tail and the Monarch looped over our heads and banged in behind us. Ouch... Lots of laughter and hollering from the peanut gallery ensued. I borrowed some wing tape from Lenny – taped the tail back on and made it through the rest of the holes uneventfully. It's a riot launching and then jumping in the golf cart to chase the plane down the fairway. The planes generally went a lot faster than the carts could go. One fellow in our 4some was using a home brew delta wing sidearm launcher. It launched high – but didn't glide nearly as well as the conventional planes. He was also at a disadvantage trying to launch out of a stand of trees... At the end of the nite we did the "skins" game where you put a buck in the pot to attempt to knock a bottlecap off of a bottle on top of a cup, without knocking over the bottle or cup. This was really fun to watch, but nobody actually did it. In the end the winner was decided by one attempt to land the nose of the glider closest to a marker. It was VERY dark by this time so it was really a luck event – and as my daddy said – "it's better to be lucky than good". The LAST flight attempt was by the sidelaunch guy from our team and he NAILED the spot. Very fitting...

The Open event was Thursday and Friday. The RMSA team flew very well. Lenny took 13<sup>th</sup>, and had a good shot at top 10, but the last round was cancelled due to a thunderstorm coming in. I came in 22<sup>nd</sup> and was quite happy with that. I didn't fly great, but I didn't make and real bad mistakes either. Shannon had one OUT landing or he would have done better, but still came in at 28<sup>th</sup>. Poor Marc suffered from "shared radio syndrome" and came in at 76. This was primarily due to several pop-offs that occurred because we shared radios and the trims were different between our planes. When he forgot to check the trims – he had too much UP in during the launch.

All in all it was a great week – but very long. I'm not sure we'd do all the events again – but we'll definitely go back. Included are some of the pictures I took during the week.

## Colorado Challenge Cup – September 10, 2000 Co-CDs Jim Monaco/Shannon Bingham

**Registration:** 8:00 am to 8:30 am  
**Pilot's Meeting:** 8:30 am  
**First Round:** 9:00 am  
**Entry Fee:** \$7.00

**Current (1999) AMA membership is required and must be shown when registering.**

**Tasks:** T1 International Duration - durations set according to conditions and turn-out.  
**Landing:** L4 Spot Landing with AMA tapes.

**Scoring:** Man on Man – random flight group assignments

*No flying prior to start of contest  
 Novices limited to **RES** type sailplanes*

Trophies awarded to top five pilots from each club. The best 5 scores from each club are used as team scores. Top club wins the Challenge Cup for the coming year and all ensuing bragging rights.

**Good Luck everyone!**

**WinchMasters!!** Please strip the line off of the winches prior to the contest. We will restrung the winches the morning of the contest. Please show up by 8:00 to re-string and setup.

## RMSA RES Contest SATURDAY Sept 16, 2000 CD ???

*Note that the scheduled CD is unable to be available for this contest. We need a volunteer to run this event. If no volunteer is found by Sept. 10<sup>th</sup> this event will be cancelled!*

**Registration:** 8:30-9:00AM  
**Pilot's Meeting:** 9:00AM  
**Entry Fee:** \$5.00 (\$3.00 Jrs)

**Current (2000) AMA membership is required.**

**Tasks:** Announced day of contest

# Rocky Mountain Soaring Association

## July Open Event Results – CD Bob Lewan

The July Open contest was held on the 16th. The day started with an overcast sky with temperatures in the high seventies. A nice break from the high nineties that we have all been suffering through. The contest was delayed about an hour because of a conflict with the sprinkler system. Also, some bonehead forgot to bring the landing tapes (me), so we had to improvise with nails wrapped in survey tape (hey, it worked). Sorry about that fellas, I'll try to not let it happen again. Finally around ten, the winch lines were strung out and we had a contest. Anyway, with a predominantly overcast sky the first task was set at 5 minutes, which was about right for the conditions. It seemed, to make your time pilots needed to S-turn into the wind and not circle much. By round three the thermals started to pop and the task was changed to seven minutes.

After 6 rounds, the winner in Sportsman was Phil Jones (Hera) edging out Gary Lewan (Sapphire). In Masters, Skip Miller (Emerald) and I (Eraser) were tied for first place, and a flyoff was initiated. The fly off was 2 minute duration with landing. We both got our times within 1 second, but I hosed my landing and Skip did not. Congratulations Skip!

Many thanks to Mark Howard for handling the scoring duties in Jim Monaco's absence

Following are the results of the July Open contest. (repeated from July Newsletter)

## August F3J Intro Results

We had another successful F3J intro event this month. The intent of the contest is to give club members the general feel for how an F3J contest is run. We ran F3J rules with a couple of exceptions: winch launches instead of Hand Tow, and we allowed skegs. In the beginning we followed F3J rules where if the line breaks it is tough nuggies, but we had a bunch of line breaks and since this is not competitor controlled lines, I decided to take a suggestion from Jack Zika. If the line broke, then we rescheduled the flyer into a later flight group. This actually worked out quite well. The only problem would have been if the line broke in the last flight group of a round – where would you then put them. In retrospect, to cover this situation I would have had the flyer relaunch immediately on the spare winch.

We set the winches out for the predicted wind and of course the predictions were wrong by 180 degrees, so we were launching downwind all morning. With all 10 minute tasks, and fairly easy FAI landing tapes, it was critical to get your time. Another important factor is that you are supposed to land within 75 meters of your designated landing spot. Since we did not have 75m measuring tapes I allowed for 90 “Jim Steps”. As long as you landed within 90 of my paces, you landed in – if not – you got a zero. Unfortunately a number of flyers got zeros trying to stretch that thermal out. Poor Jack Zika had the worst luck – landing out several times.

Art Ries came out to play, but had a bit of trouble with his bird, we’ll have to help him get it trimmed out before the next contest. Art’s troubles let Dr. Dan – a newer member get away with the Novice title. My son Marc flew pretty well with an unfamiliar bird. We stripped a servo on the Emerald, so he wound up flying an Eraser for 4 of the 5 rounds. He flew it good enough to take first in Sportsman. The top of Masters was VERY close with only 9 raw points separating the top 3 flyers. Dusty Miller was about 9 points back to take third, while Bob Lewan was less than 3 points (seconds...) behind Skip for the day. Great flying folks...

Fun seemed to be had by all and the general feedback was that the format was fun and exciting – I think we’ll do it again next year.

**Jim**

**Directions to Field**

Take I-76 to exit 16. Turn left and follow the frontage road through the circle onto 120<sup>th</sup> eastbound towards the airport. Take 120<sup>th</sup> East to Tower Rd. Continue straight through traffic light and look for the sod sprinkler on the left. We are on the southwest corner of that part of the sod farm.

*Flying for RMSA members and accompanied guests only.*

**Rocky Mountain Soaring Association**  
1123 S. Oakland St  
Aurora CO 80012

**First Class Mail**
